THE SPECIAL EDITION ESCORT CABRIOLET

 Stylish, practical and great fun to drive, Ford's new Escort XR3i Cabriolet is the value-for-money car for the young at heart.

 Attractive blue badges and body side tape stripes blend tastefully with the blue Daytona fabric interior. They are typical of details that distinguish this 'special edition' Cabriolet.

 Few features enhance a car's appearance more than alloy wheels. They are standard equipment on the latest and most eye-catching version of Ford's fashionable Escort Cabriolet.

 Nothing can match the fun you get from travelling in an open car. The Escort Cabriolet's snug, insulated hood can be lowered or raised in a few seconds — and there's the

option of an electrically operated version for the ultimate in style and convenience.

 What could be more convenient than a power-operated hood? Just release the catches and touch a switch. For safety reasons, this option works only when the engine is switched off.

 Standard equipment for the new Escort XR3i Cabriolet includes a smart rear spoiler designed by Ford's RS Sport specialists and bumpers and bodyside mouldings with black inserts.
