XR3i CABRIOLET

It's style all the way with this Special Edition Escort Cabriolet. There's a choice of three metallic colours specially selected for this model, each with a colour-coordinated hood. Special alloy wheels, stylish body-coloured bumpers with satin black inserts — also in the bodyside mouldings — and silver body stripes, all contribute to the distinctive exterior. Inside, the Recaro front seats — and the rear seats — are trimmed with leather around stylish fabric inserts. The slipstream through your hair will tell you all you need to know about the performance...
